

**REMARKS**

Claims 1 and 43 have been previously allowed. The examiner has indicated that claims 2-35 and 44-77 are directed to a second independent or distinct invention and that claims 36-42 and 78-84 are directed to a third independent or distinct invention. As the examiner did not agree with the applicant's position set forth in the Response dated 7 June 2005 that claims 1 and 43 are linking claims, claims 2-42 and 44-84 are hereby canceled, and two new divisional applications have been filed; one directed to claims 2-35 and 44-77, and one directed to claims 36-42 and 78-84. The applicant respectfully submits that this application is in condition for allowance, and allowance is respectfully requested.

The applicant's attorney welcomes the opportunity to discuss this case with the examiner in the event that there are any questions or comments regarding this Amendment or the application.

This is intended to be a complete response to the examiner's Office communication mailed 19 August 2005.

Respectfully Submitted,

LATHROP & GAGE L.C.
